Issue Seven

Metro 2 women

The 'sticky tape' team won their second game of the season 2-0. The ring-ins proved invaluable and will hopefully keep the team afloat til the end of the season.

Vets women

The gals are once again on top and heading for the finals. This week's game was abandoned because of torrential rain and rescheduled Sunday evening. Hale is second on the ladder and could be the team we play in the finals. A hard running, marking game saw a 2-2 draw with no let up from start to finish. By all accounts an excellent game to watch from the sidelines.

Windup Magpie Contributions Required

As the season is nearly over, the Magpie editor requests team scribes to start putting pen to paper or fingers to keyboard and write about your team's season. Pictures are welcome if you have them. Don't delay - the deadline will be September 8

SUMMER COMPETITION NOMINATIONS

Nominations are being called for teams in the *Mixed* and *Vets* summer hockey competitions to be held at the Perth Hockey Stadium. This year those playing in these comps will experience world-class revamped stadium facilities so show your interest now. Contact your organisers from last year or speak to Glenn Strother to get details.

Skateboard 1, Michael Kent 0

The Goundrey Cup team was deprived of a valuable player when Michael Kent succumbed to gravity while skateboarding. The resulting broken fingers made holding a hockey stick difficult to say the least. Maybe, in future, players will think very hard before taking up this activity during the playing season.

Countdown to the Finals

Each week an attempt will be made to assess the finals prospects of a number of teams.

State 2A in 6th place is 4 points out of the top five so have a realistic chance of making the finals.

Metro 3A holds top position but has now extended the gap to second to 3 points.

Metro 3C has slipped to 4th place but is on the same points as the teams in 2nd and 3rd places so stay tuned.

Metro 3D with one point can only look to next season for a higher position on the ladder.

O40 is in 3rd place by two points and is only two points behind 2nd so a finals berth is assured.

O50 is hanging onto 4th place by two points so hold onto your seats.

O55 in 3rd place is safely in the four with 31 points but with the top team on 32 points and 4th place on 30 the order can change by finals time.

SL4 has now pushed into the top four and is looking good for the finals

SL6 is in second place and looks like being able to hang in there for the finals.

Vets 2 is well and truly safe in top spot.

PERTH DRAFTING COMPANY

Do you owe fees?

If you still owe club fees the treasurer expects payment by the season's end.

We wouldn't want to have to send a couple of Gypsy Jokers to your door. Just kidding, but if you have been playing you have been taking advantage of the Club's facilities and they cost money. Every dollar from fees is essential to the running of the Club.
