## FREO'S SIZZLING SEASON START

### Outstanding financial figures

Actually, Freo's great season start occurred before the season began – at the Players' Tea and AGM.

The financial report was all good news; some \$8,000 in outstanding fees had been collected as well as the restoration of our reserves that had been dipped into the previous season. This was due to the hard work of our treasurer, Ross Wharton-Street assisted greatly by members of the committee.

When auditor, and fastidious bookkeeper, Jack Rickie, a former treasurer, heaped fulsome praise on the state of the accounts the members can be sure that things are on track.

Members should be also happy that the state of the accounts means that the fees remain the same as last season and are, in fact, the lowest in the Association.

### Fees for 2006

#### If paid after 01/05/06

Full Time Student - \$200

Playing 2 games in 1 week \$125 extra

### On field successes

After week 3 no less than 10 Freo teams were in the top 4. Newly promoted SL3 and SL5 showed they deserved their grade by having won all three games. This record was matched by our Wizard Home Loans Cup team, which, having convincingly won all three of its games holds top spot in the table.
